Nursing Program Enrollment

Enrollment is defined as the number of undergraduate RN and LPN pre-licensure students who were accepted into the nursing major and were enrolled in nursing courses. Enrollment numbers were reported as of the institution's official fall reporting date. Public nursing schools used the date of the fall census data extract and private schools used the IPEDS reporting date of October 15.

Full-time students were those enrolled in 12 or more semester credits, and part-time students were those enrolled in fewer than 12 semester credits. New students were those enrolled for the first time in the nursing program during the reporting period, and continuing students were those enrolled in the nursing program at all other points of the program's curriculum sequence.

Enrollment in Programs Leading to RN Licensure

Baccalaureate Degree

Baccalaureate degree programs had a total of 1,036 nursing students enrolled in 2012 as reflected in the table below. Included in the total enrollment were new students and continuing students. Data reflected a slight decrease of approximately 6% in baccalaureate degree enrollment since 2011.

Nursing Education Faculty

Employment Status

Faculty counted as full-time were those included as instructional, administrative, or research staff of the nursing program who were employed full-time as defined by the institution, held academic rank, carried the full scope of faculty responsibility (e.g., teaching, advisement, committee work), and received the rights and privileges associated with full-time employment.

Part-time faculty were those members of the instructional, administrative, or research staff of the nursing academic unit who are employed part-time as defined by the institution, may or may not hold academic rank, carry responsibility for a specific area (e.g., teaching a single course), and may carry any number of titles (e.g., adjunct, clinical instructor).

Also included were administrative, LOA/Sabbatical, and persons employed to teach nursing theory, clinical practice, and/or lab. Those not included were substitute teachers, guest lecturers, or faculty for graduate programs.
